

GLOBAL
CCS
INSTITUTE

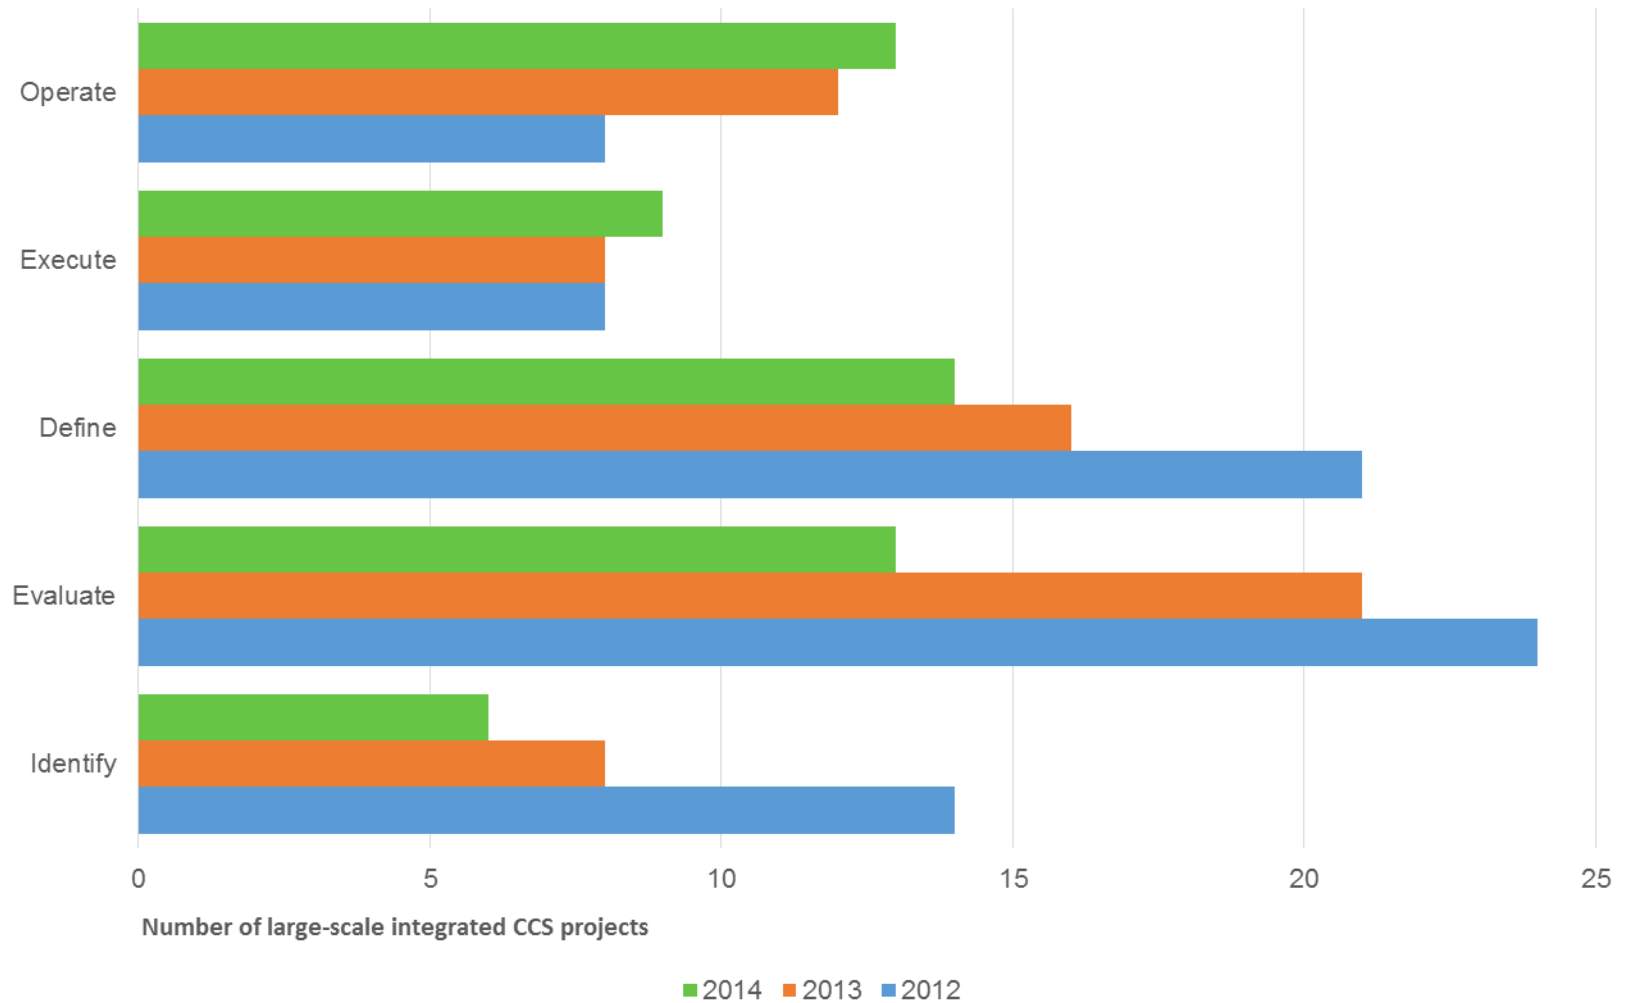

GLOBAL STATUS OF CCS: 2014

Supplementary information presentation package

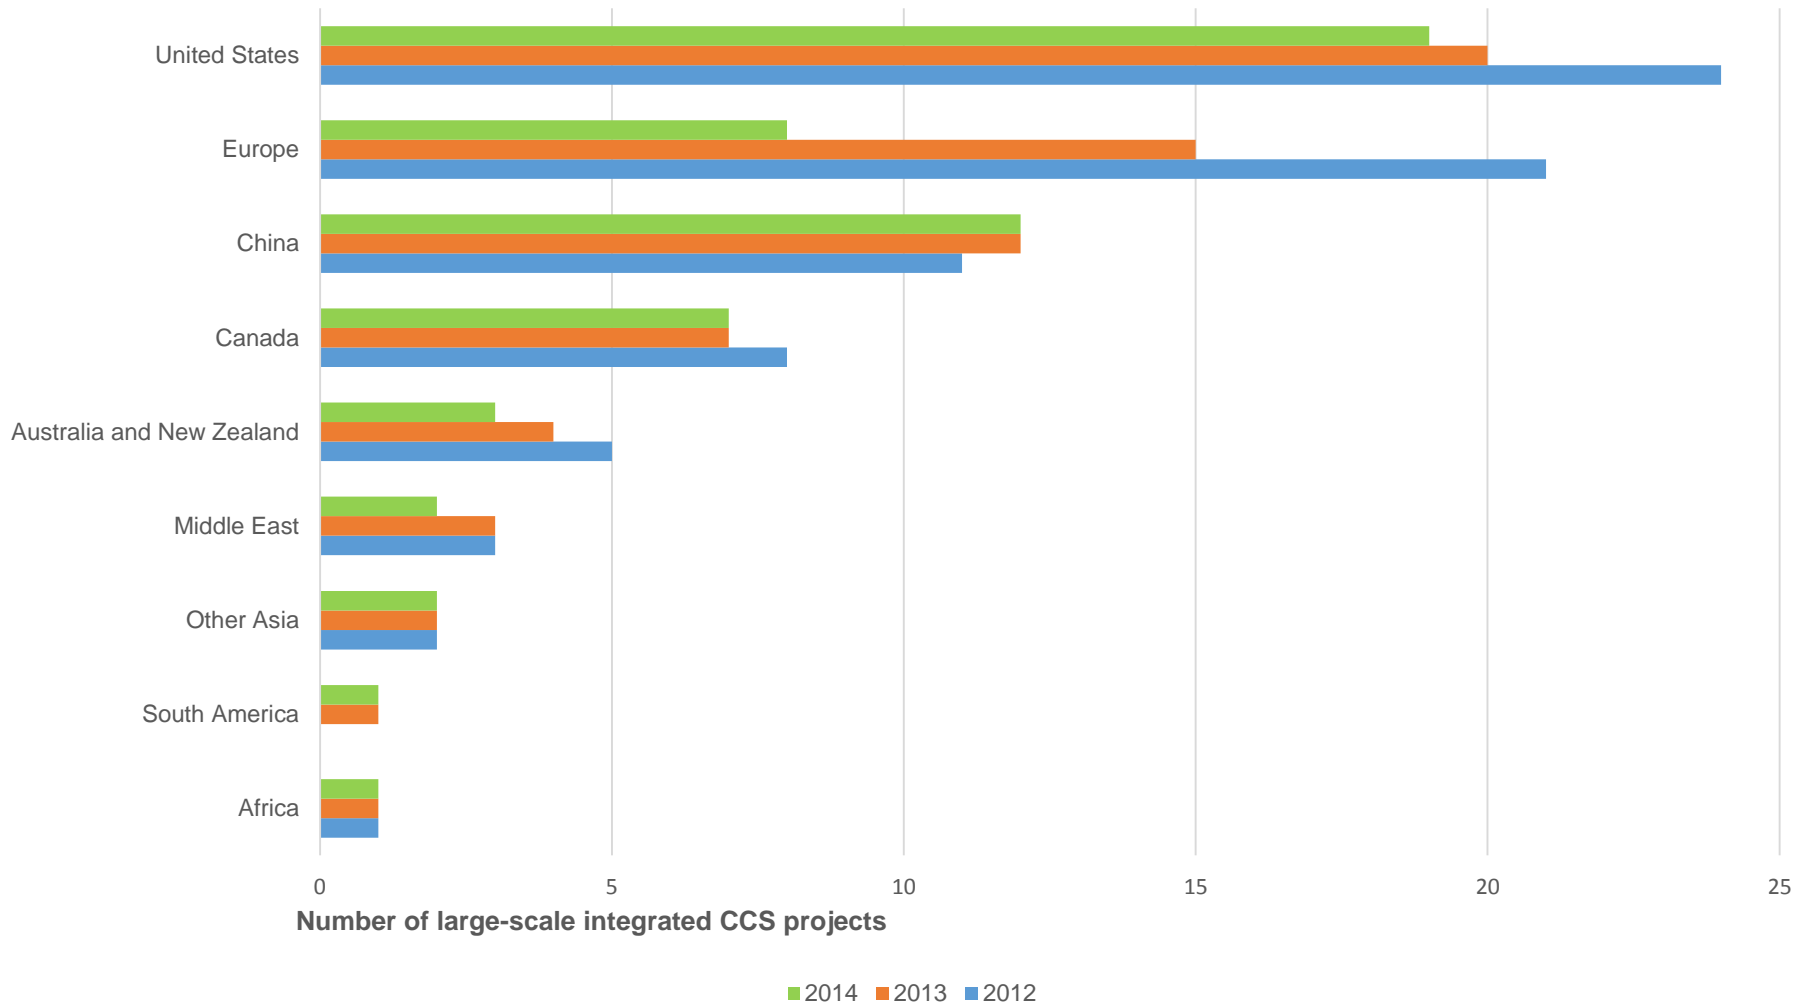

Large-scale integrated CCS projects by project lifecycle and year

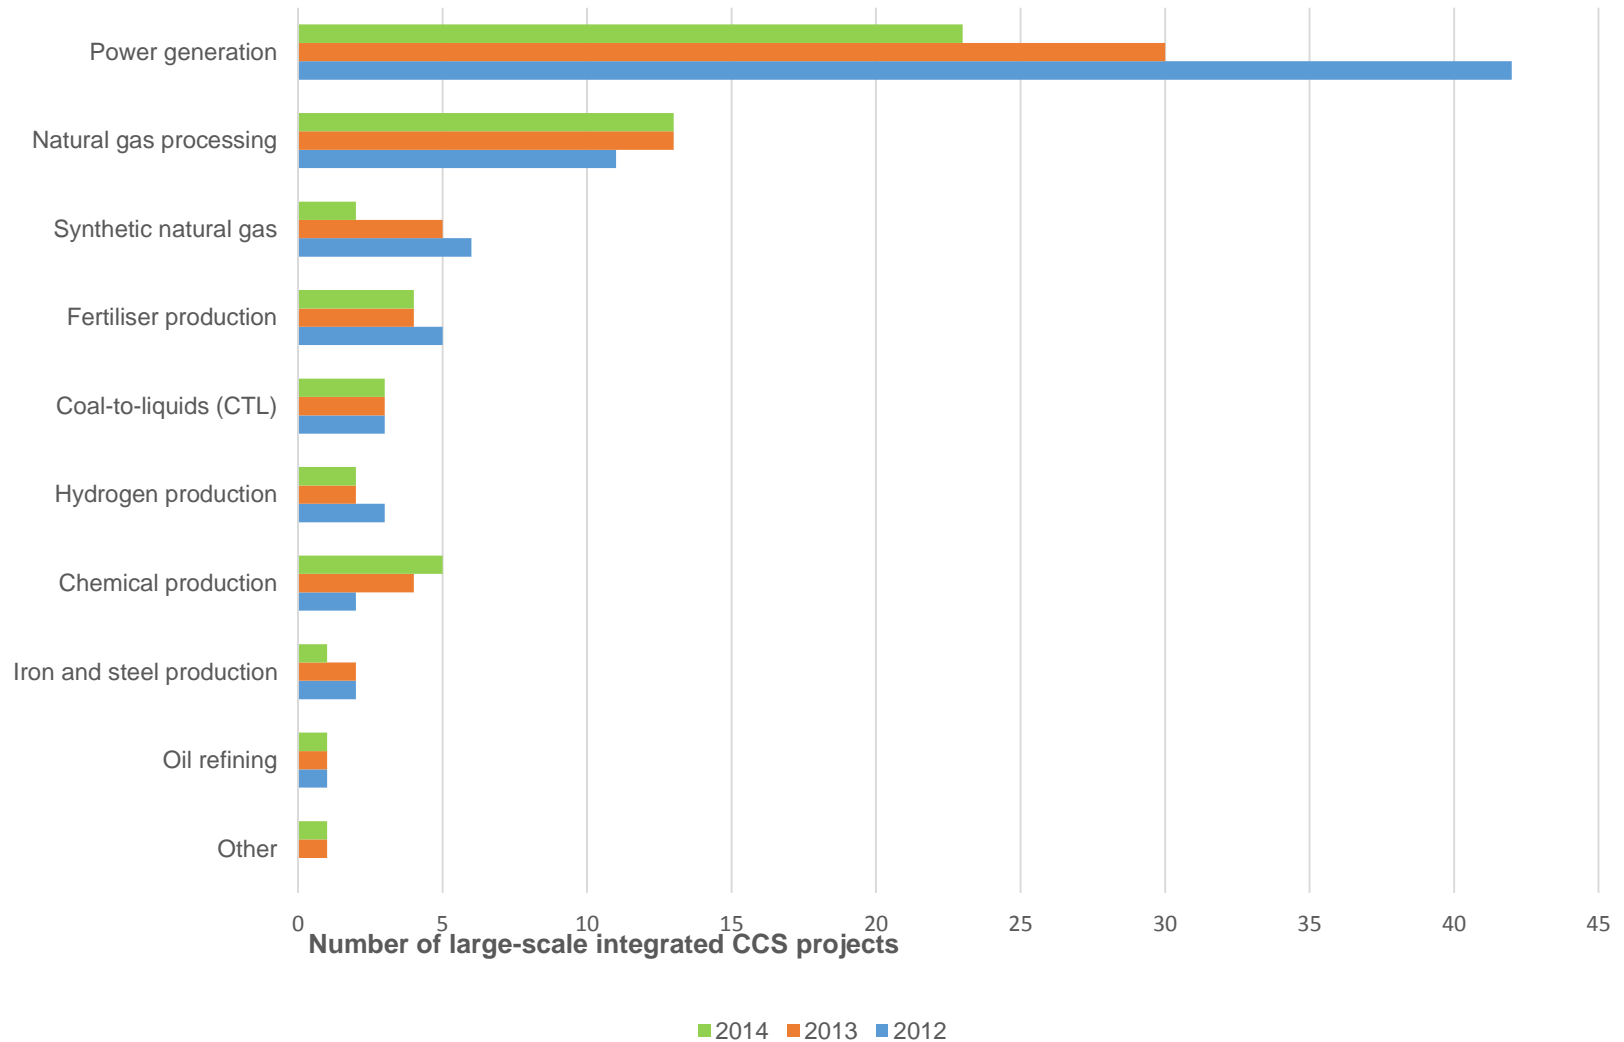

Large-scale integrated CCS projects by region or country and year

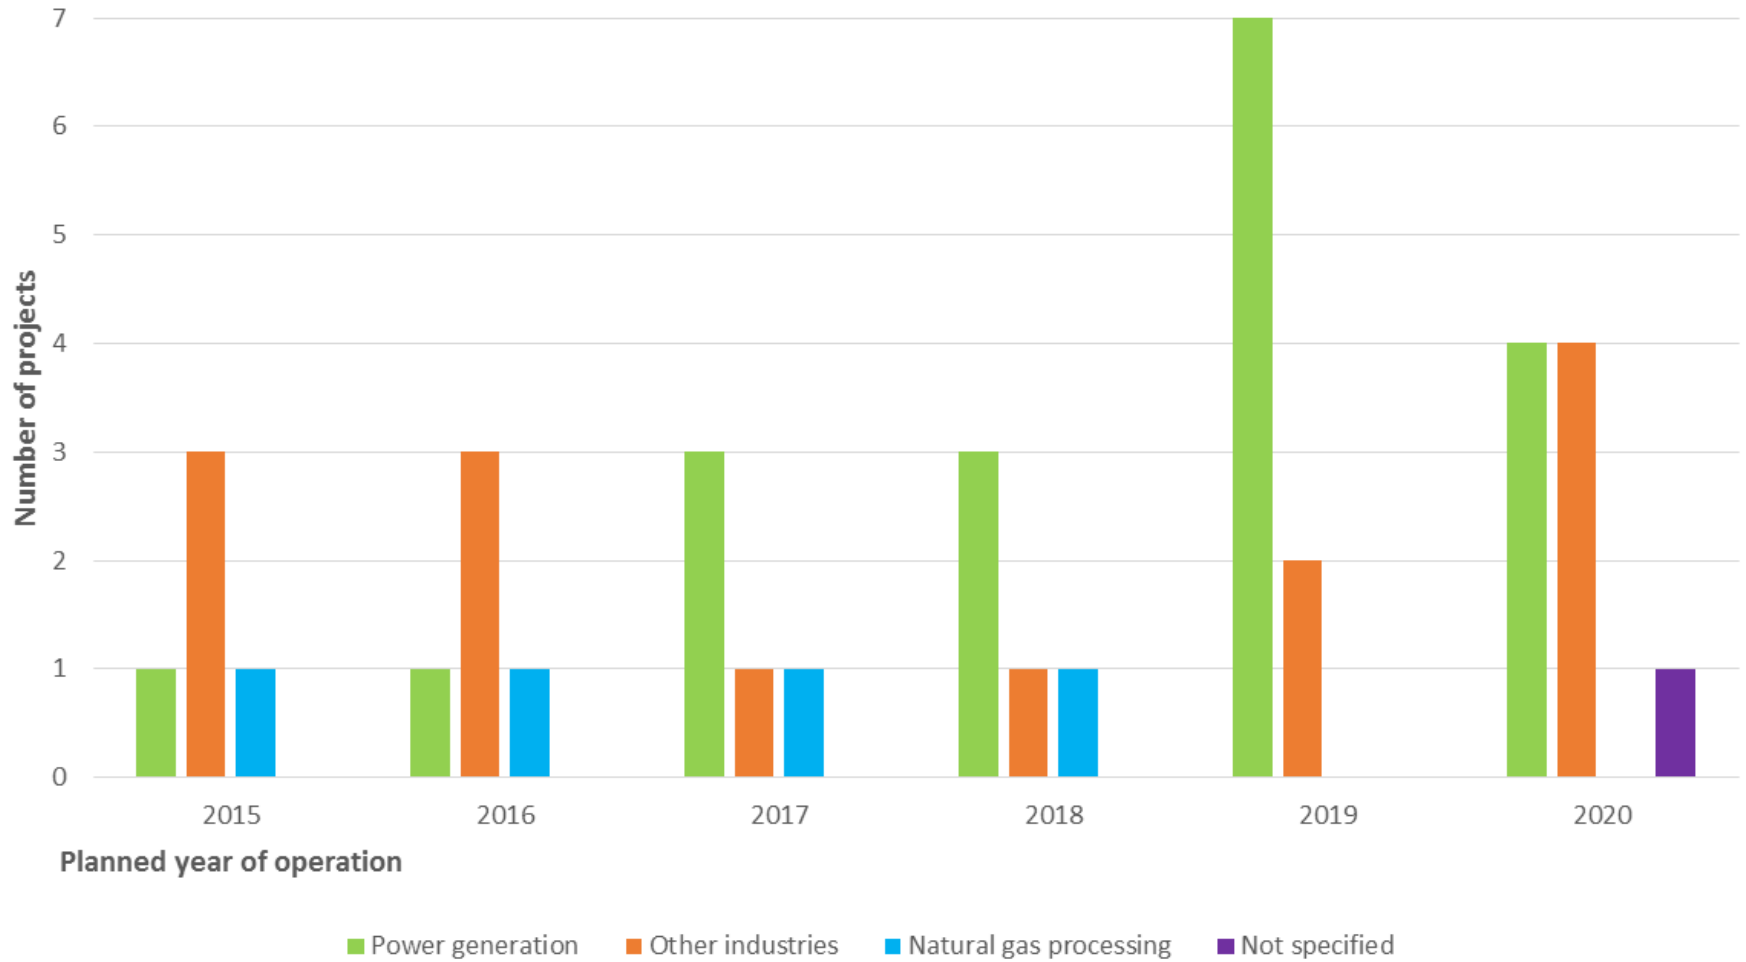

Large-scale integrated CCS projects by industry sector and year

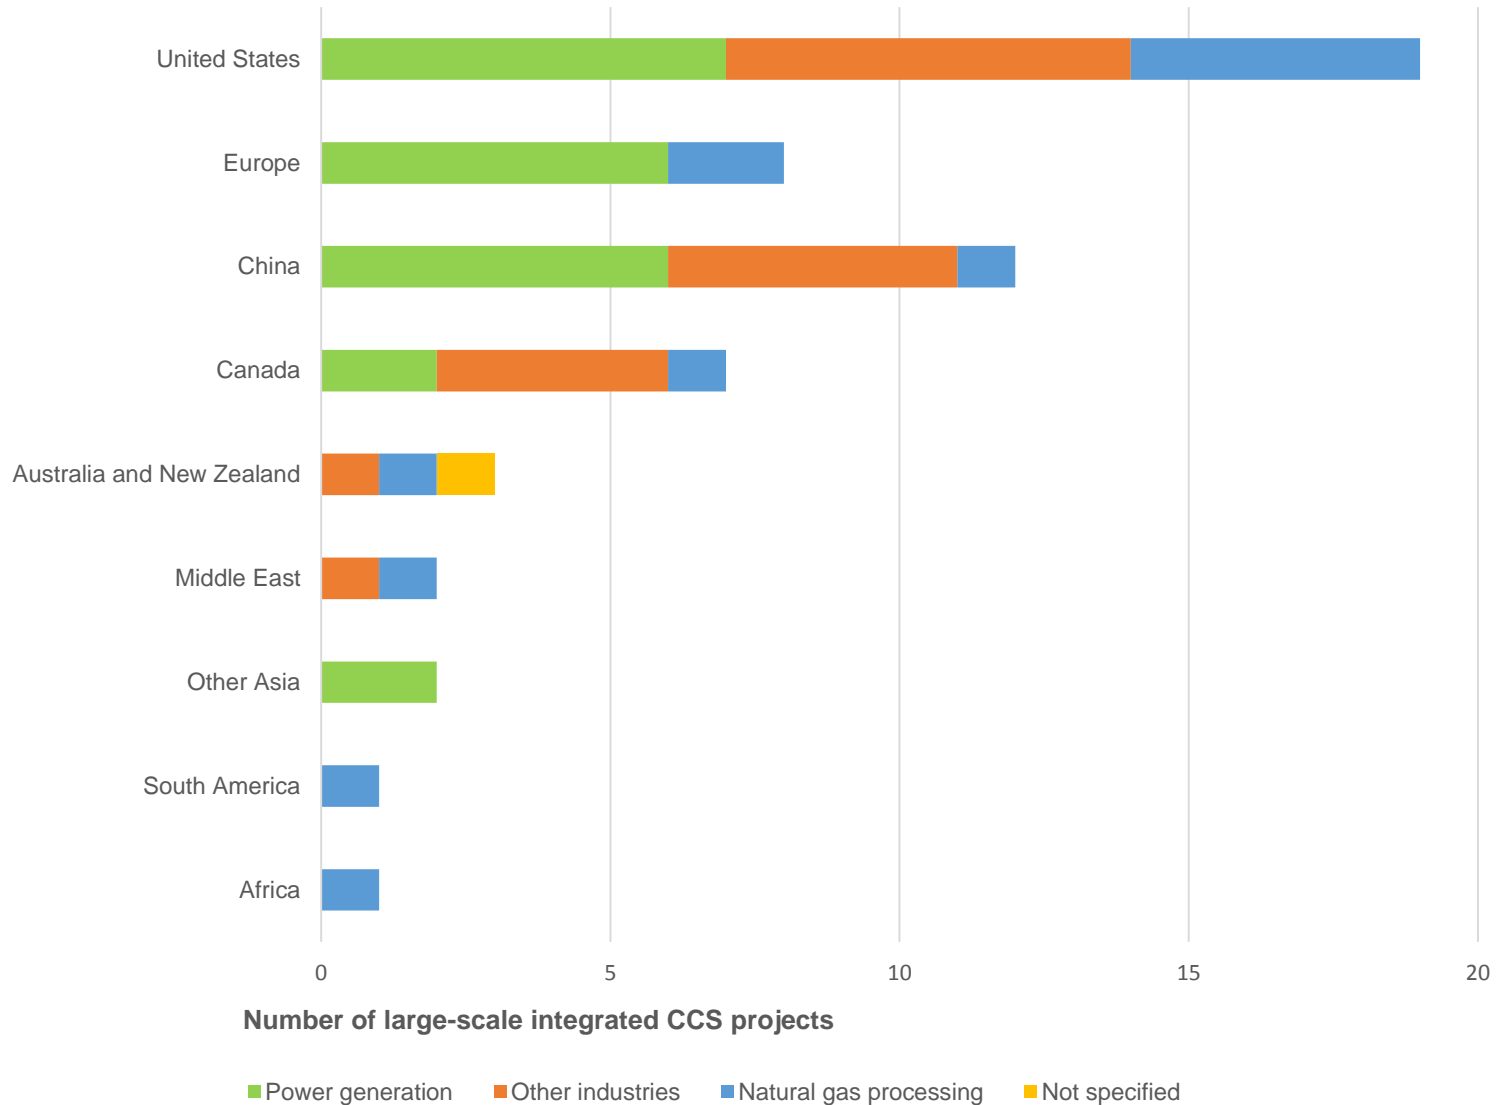

Planned year for operation by industry (not including operating projects)

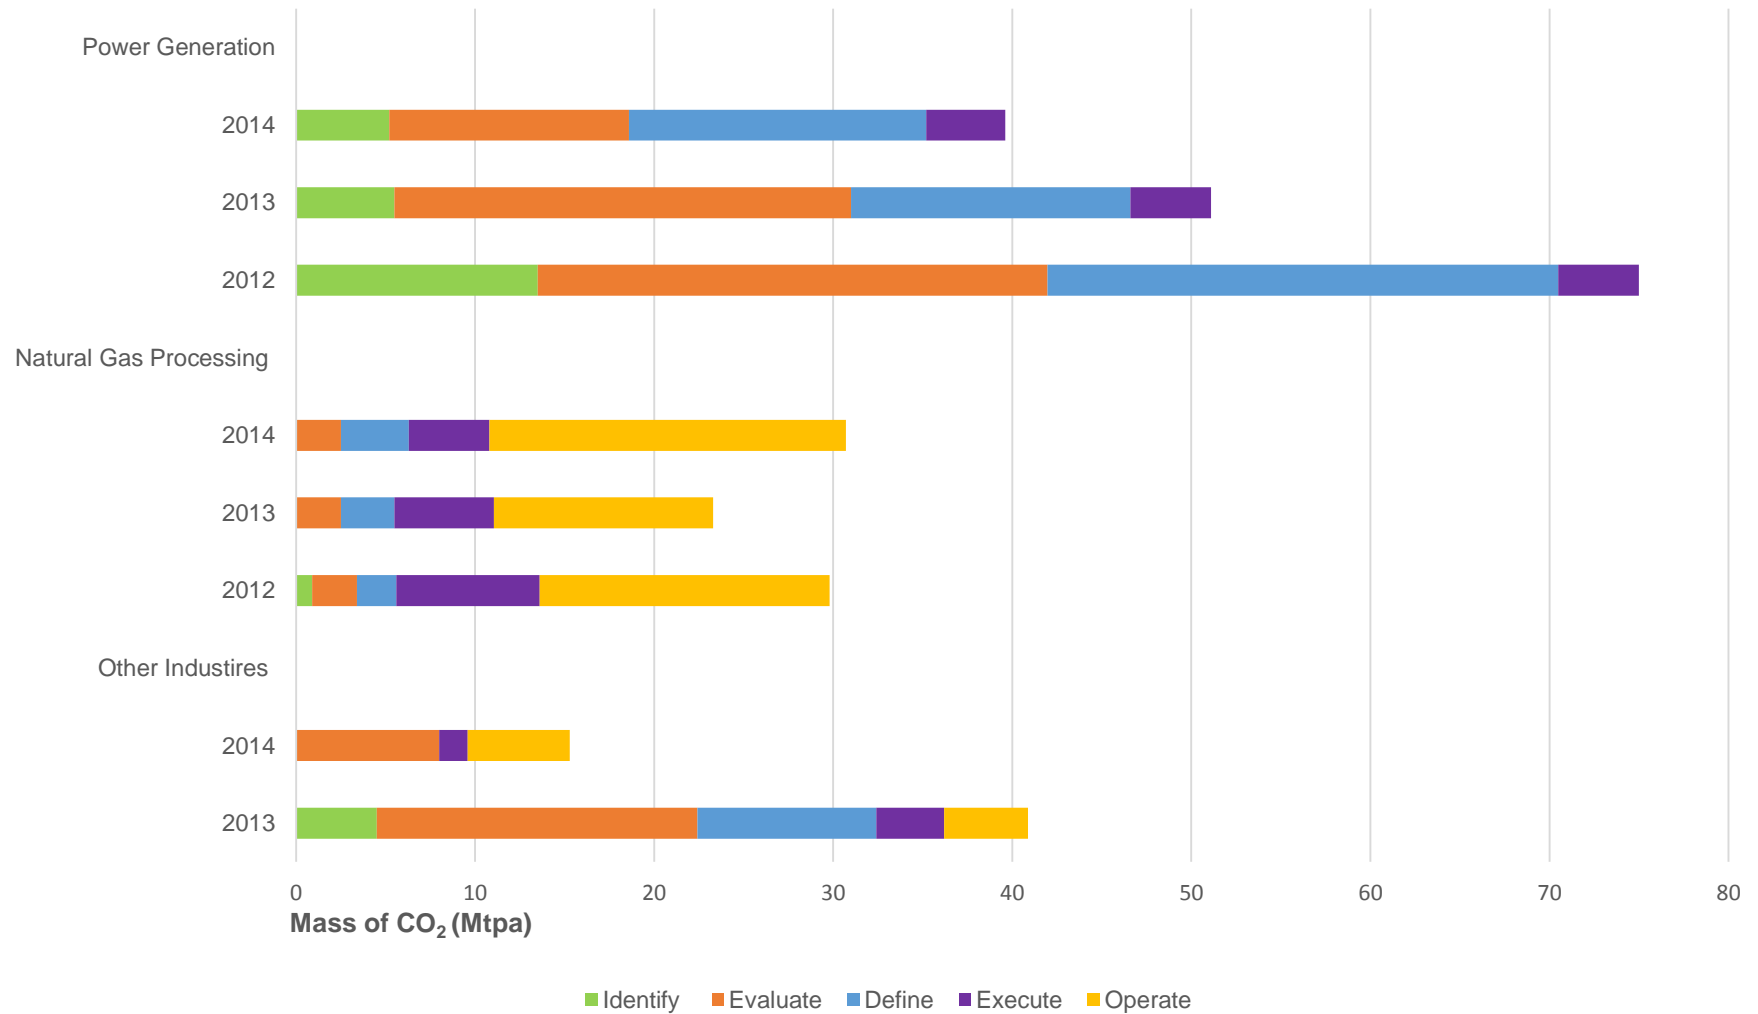

Large-scale integrated CCS projects by industry type and region or country

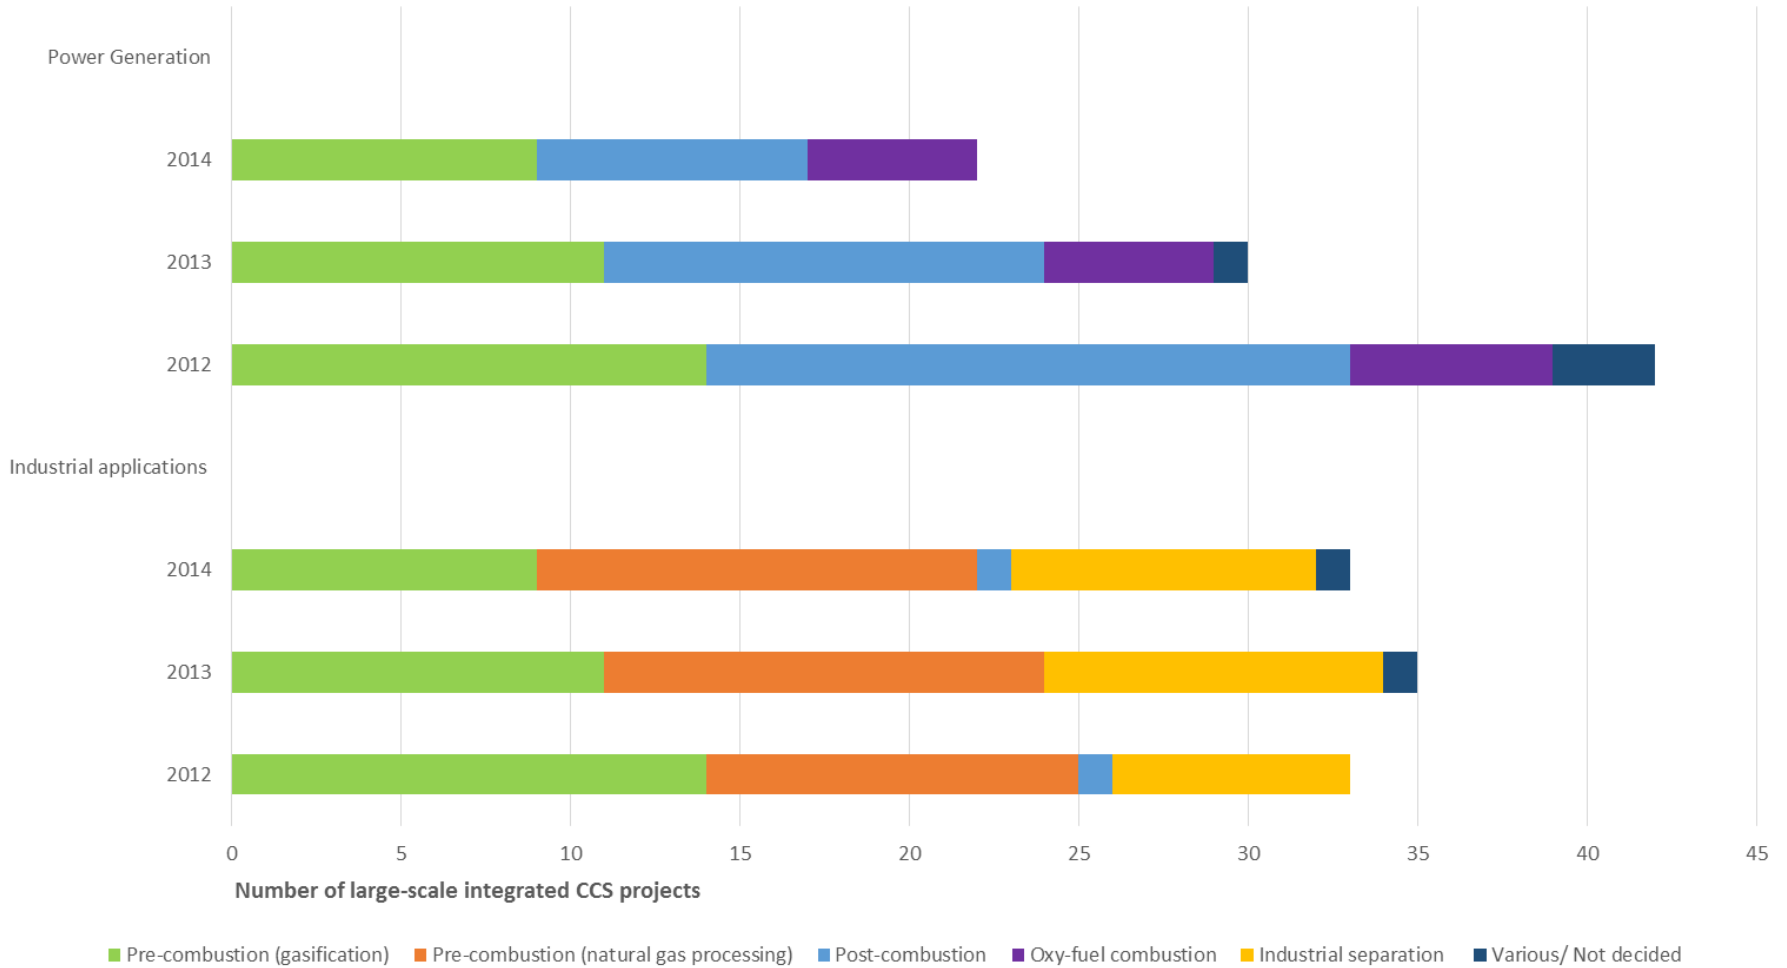

Mass of CO₂ captured by industry sector and year

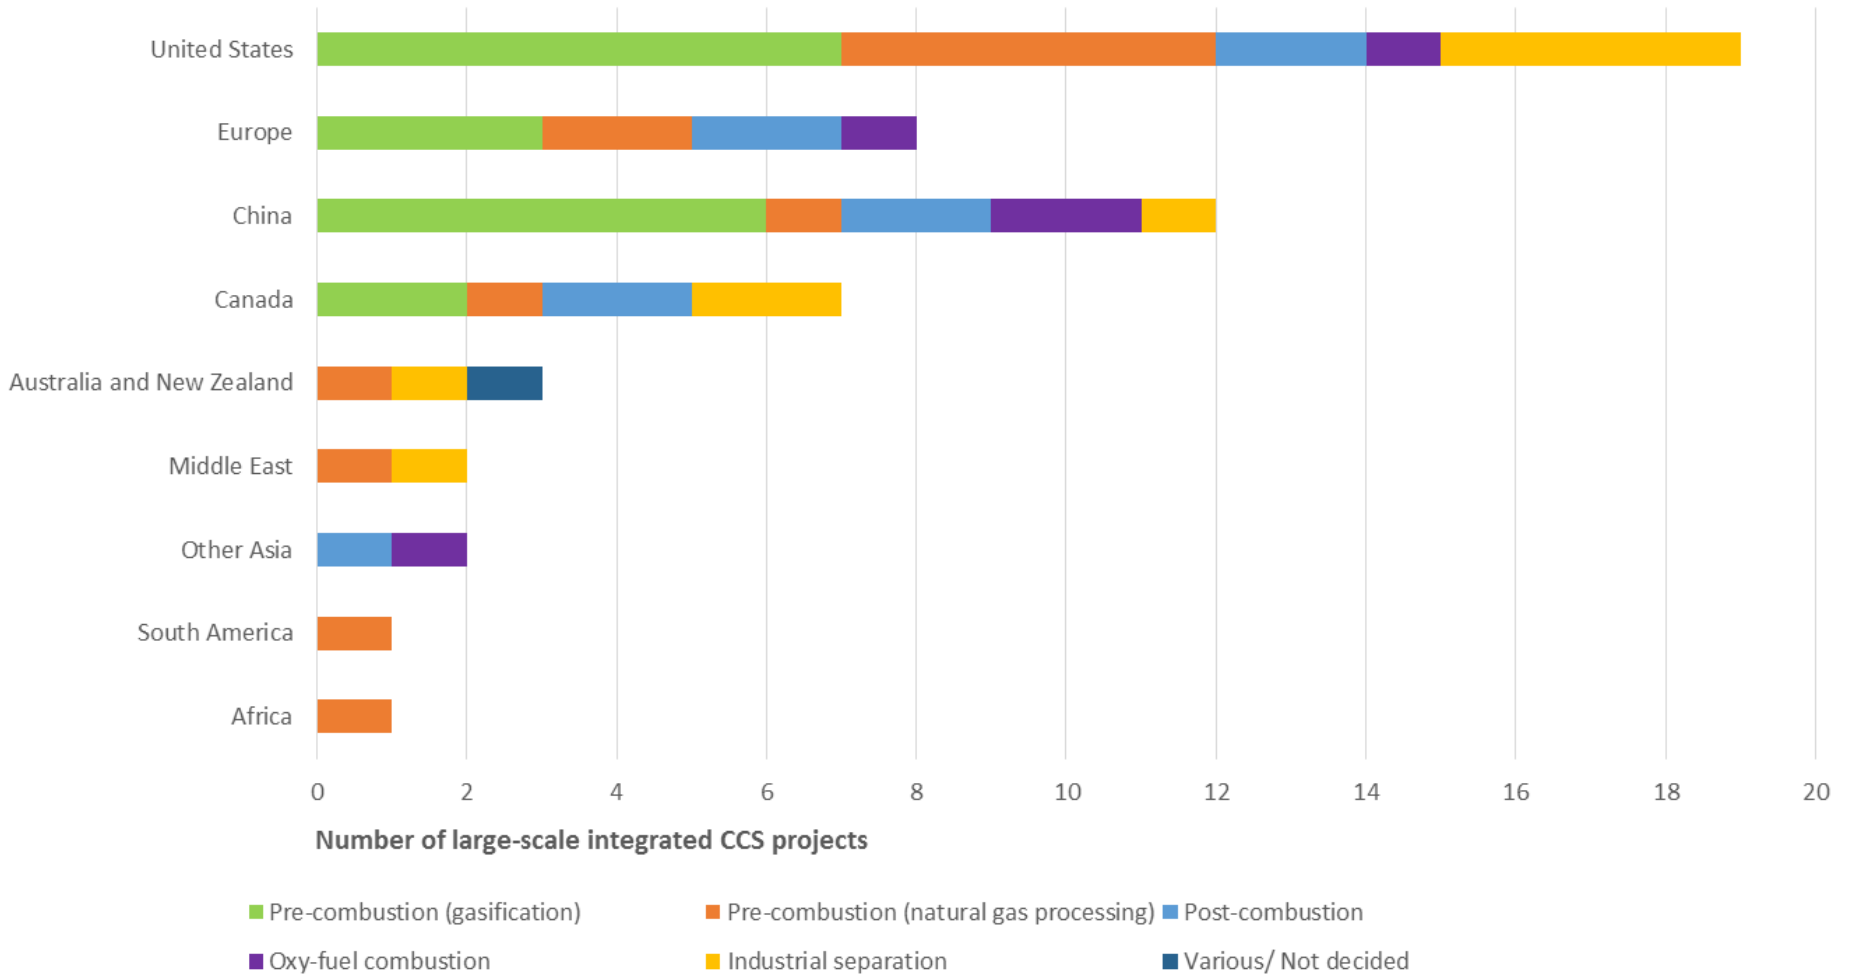

Large-scale integrated CCS projects by capture type and industry

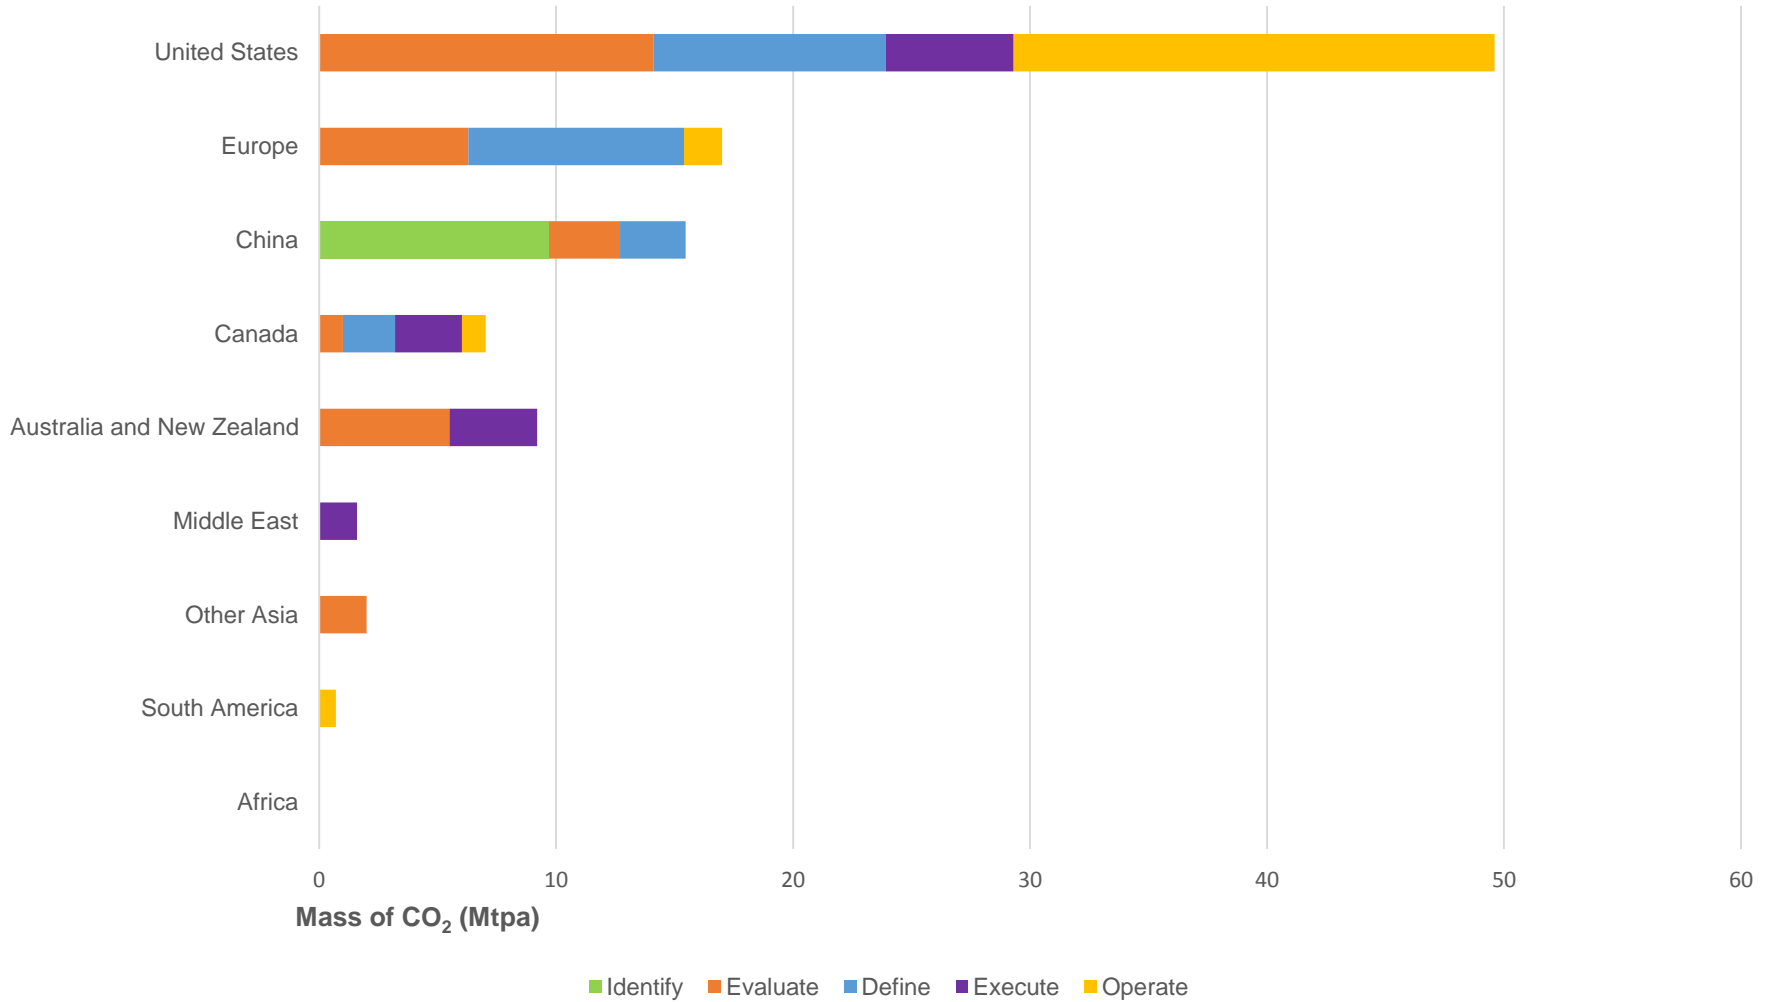

Large-scale integrated CCS projects by capture type and region or country

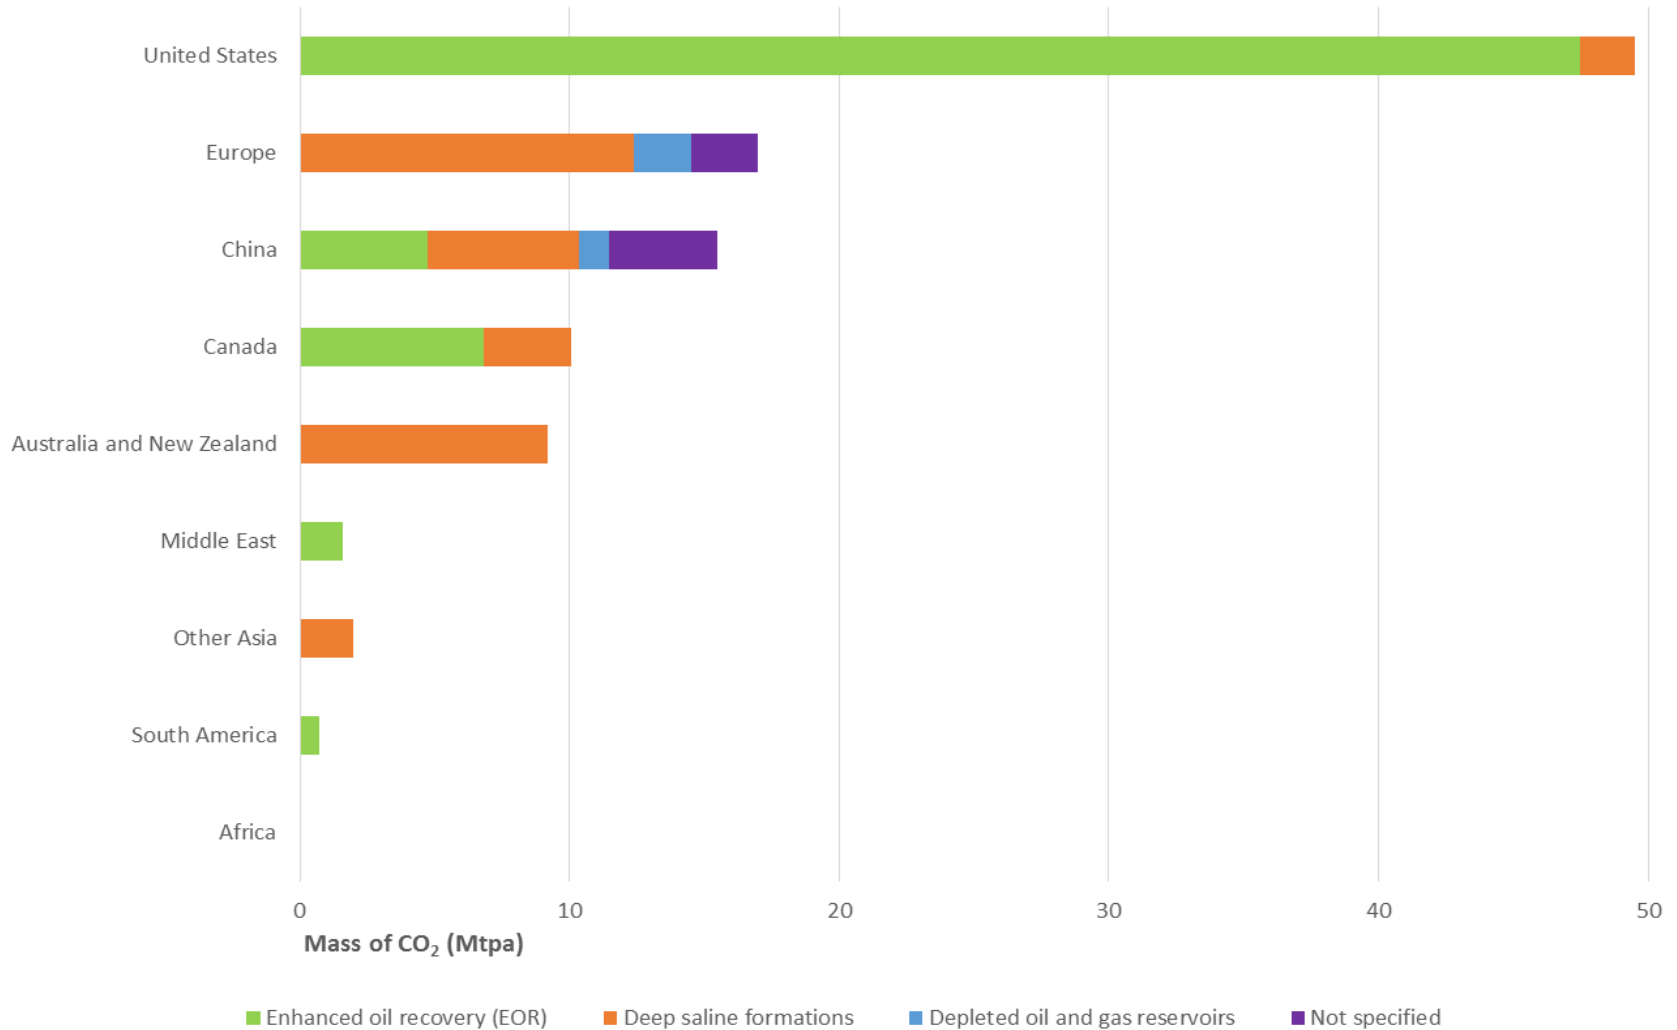

Mass of CO₂ potentially stored by region or country and project lifecycle

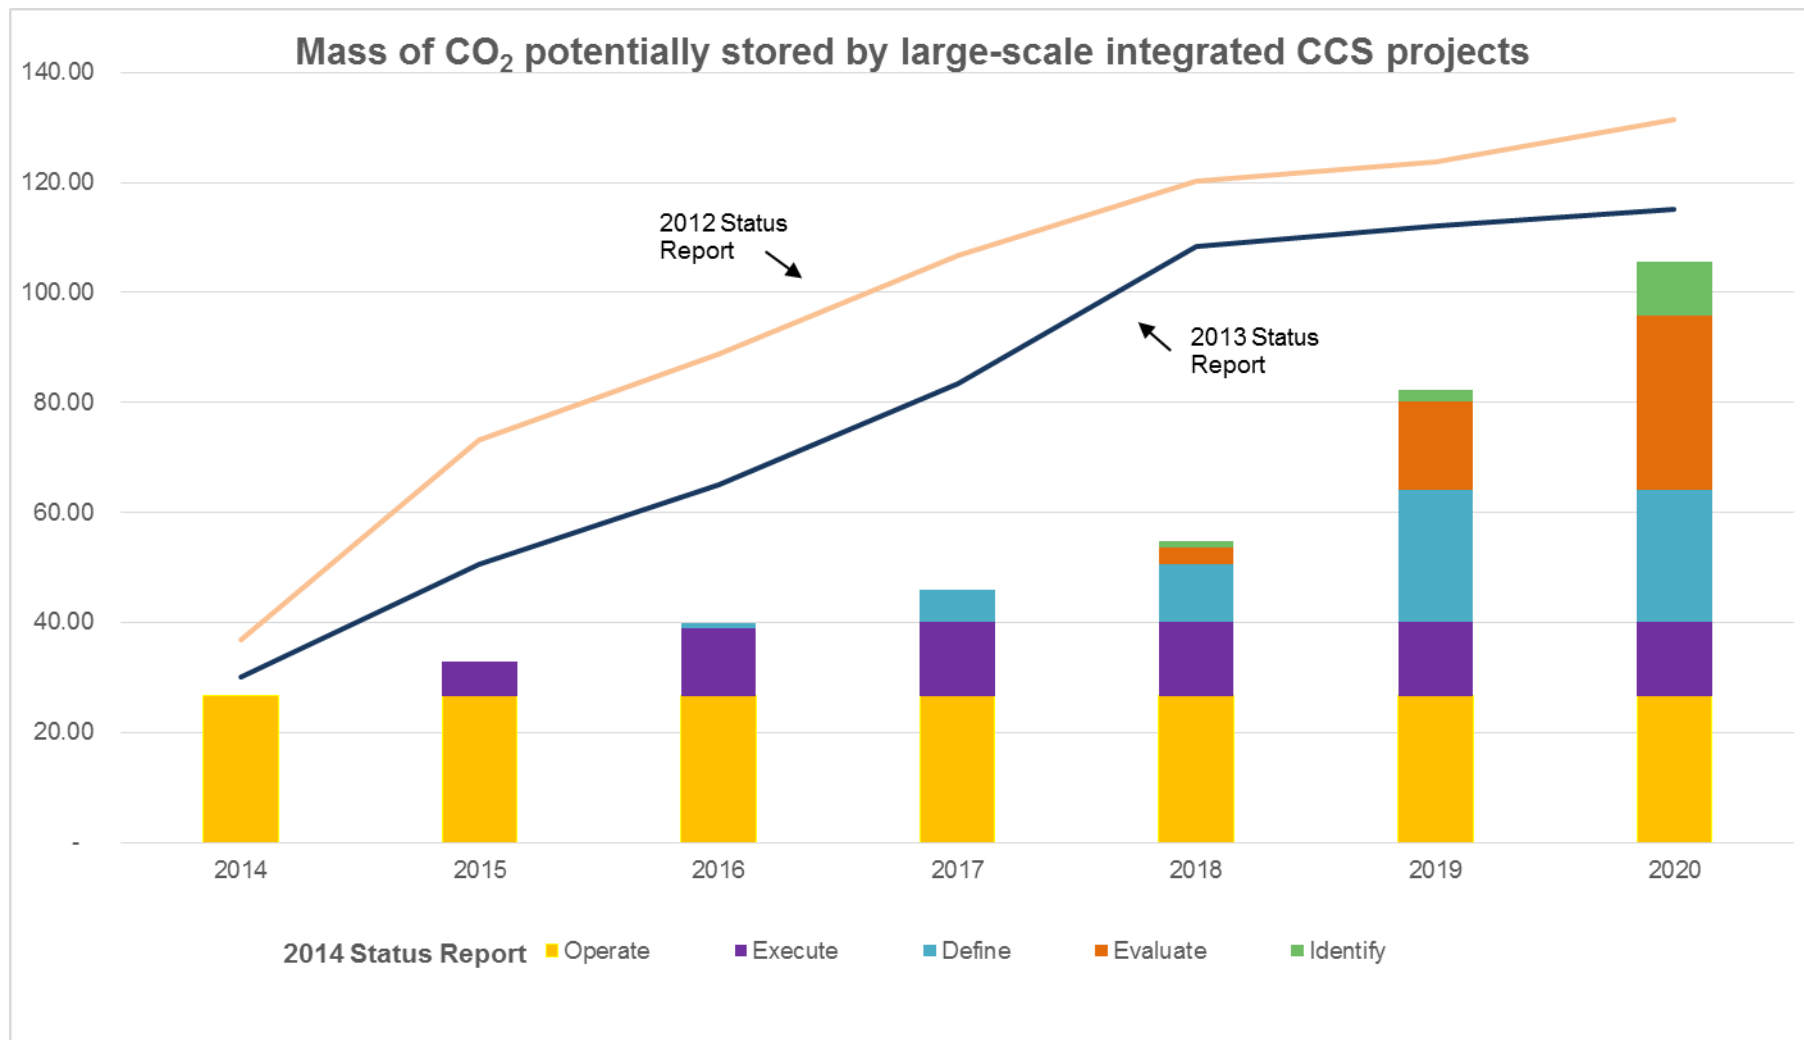

Mass of CO₂ potentially stored by primary storage type and region or country

Mass of CO₂ potentially stored by large-scale integrated CCS projects

Portfolio distribution of large-scale integrated CCS projects

			The Americas	Europe	Asia	Australia	Middle East and Africa	Sub-Total
Capture	Power	Pre-combustion	4	5	7			16
		Post-combustion	4	2	3			9
		Oxyfuel combustion	1	1	2			4
		Not decided						0
	Other	Natural Gas Processing	7	2	1	1	1	12
		Iron and steel production					1	1
		Cement production						0
		Other Industries	11	6	14	1		32
	Not decided				1		1	
Transport		Onshore to onshore pipeline	26		10	2	3	41
		Onshore to offshore pipeline		7	1	1		9
		Ship/tanker			3			3
		Direct injection	1	1				2
Storage	Geologic	Onshore deep saline formations	4		3	2	1	10
		Offshore deep saline formations		5	2	1		8
		Onshore depleted oil and gas reservoirs						0
		Offshore depleted oil and gas reservoirs		2	1			3
	Other	Enhanced oil recovery	23		5		2	30
		Not specified		1	3			4
